SOFTWARE ENGINEER

Highly motivated and results-oriented Software Engineering graduate with solid foundation in problem-solving and technical analysis. Demonstrates a strong ability to learn quickly and adapt to new challenges. Interested in effectively contributing to a collaborative and innovative team environment using strong analytical skills and a dedicated work ethic. Committed to continuous learning and professional growth, with a passion for tackling complex problems and providing impactful solutions.

TECHNICAL SKILLS

Programming Languages	: Java, JavaScript, TypeScript, HTML, CSS
Frameworks	: Spring Boot, Node.js, React.js, Angular, React Native
Libraries	: Bootstrap, Redux
Databases	: MySQL, PostgreSQL
Dev Tools	: IntelliJ Idea, Visual Studio Code, Github
Fundamentals	: OOP, Data Structures, Design Patterns, Design Principles

LANGUAGES

- English
- Sinhala

GENERAL SKILLS

- | | |
|-------------------|-----------------------|
| • Communication | • Self-Motivation |
| • Problem Solving | • Adaptability |
| • Decision Making | • Time Management |
| • Teamwork | • Attention to Detail |

EXPERIENCE

Associate Software Engineer <i>Syntax Genie (Pvt) Ltd.</i>	January 2026 – Present <i>Homagama, Sri Lanka</i>
• Gained hands-on experience in full-stack development. • Working with Microservices Architecture and Monolithic Architecture based systems. • Worked with Spring Boot and React.js technologies	
Intern Software Engineer <i>Syntax Genie (Pvt) Ltd.</i>	July 2025 – January 2026 <i>Homagama, Sri Lanka</i>
• Gained hands-on experience in full-stack development. • Working with Monolithic Architecture based systems. • Worked with Spring Boot and React.js technologies	
Trainee Software Engineer <i>Oxcentra Technologies (Pvt) Ltd.</i>	February 2023 – July 2023 <i>Polgasowita, Sri Lanka</i>
• Developed web applications utilizing both frontend (ReactJS, Angular) and backend (Spring Boot) technologies.	

EDUCATION

University of Kelaniya
BSc. (Hons) in Software Engineering

Sri Lanka
March 2020 – May 2024

PROJECTS

Phoenix	<i>Angular, Spring Boot, MySQL, Git</i>	Frontend Backend
• Developed a full-stack job portal platform that enables candidates to search and apply for job vacancies and allows employers to post and manage listings. • Designed intuitive user interfaces to improve job search navigation and application flow, enhancing overall user experience. • Integrated database management for storing job listings, user information, employer details, and application history. • Ensured responsive design for seamless use across desktop and mobile devices. • Improved efficiency for employers by providing an easy interface to create, edit, and track job postings • Built RESTful APIs using Spring Boot to handle user data, and job postings. • Used Git for version control.		

Menu Master	<i>Spring Boot, React.js, MySQL, Git</i>	Frontend Backend
• Developed a web application that enables businesses to create and manage digital menus efficiently. • Designed a clean and responsive user interface for easy menu creation, editing, and customization. • Developed RESTful backend APIs using Spring Boot for managing menu items, categories, and business profiles. • Integrated a MySQL database to store menu data, and business details. • Used Git for version control.		

Quotation Maker	<i>Spring Boot, React.js, MySQL, Git</i>	Frontend Backend
• Developed a web application that allows businesses to create, manage, and download professional PDF quotations. • Developed RESTful APIs with Spring Boot to handle quotation creation. • Designed a user-friendly interface for creating quotations. • Used Git for version control.		

Foster Pets	<i>Spring Boot, React Native, MongoDB, Git</i>	Frontend
• Developed a mobile application that helps pet owners find temporary homes or caregivers for their pets . • Implemented user profiles for pet owners and caregivers to register, manage profiles, and list available or needed pet care services. • Implemented location-based search to help users find caregivers or available homes in their nearby area. • Designed a clean and intuitive mobile UI in React Native for smoother user experience and easier navigation. • Used Git for version control.
